It's time to look for a site for the 2023 TLW State Golf Outing. The target date is the first Monday after Labor Day. If interested, please submit the following information as part of your proposal.

- Name of league and contact person information
 - Name and location of the golf course
 - Availability and distance to overnight housing
 - Location of dinner facility capable of serving 160 people
 - Price per player to include: golf with cart, lunch (brats, burgers boxed cold cut lunches or other menu approved by State Golf Committee), four drink tickets per player, two-meat buffet dinner
1. The golf course must provide three beverage carts or equivalent and a shaded table by the putting green. The golf course should have the ability to allow for sponsorable carts with signage. The golf course will allow premium hole sponsors to staff a hole for the duration of the event. Some sponsors may serve product samples.
 2. The host league will supply volunteers to help the State Golf Committee with the registration table, on-course betting holes, signage, etc. State Golf Committee may receive dinner comps.
 3. The host league is responsible for obtaining adequate prizes, selling tickets for the major raffle, and obtaining local hole sponsors. League is responsible for the printing of all signage, including hole sponsors.
 4. The Golf Committee will share a budget for the event. The Foundation will prepare a profit and loss statement, reviewable by the Golf Committee and host league. The host league is responsible for selling sponsorships and running its own raffles. The host league must give a detailed report to the committee the day following the event. Expenses incurred by the State, i.e., travel, printing, etc., will be deducted from the proceeds.
